## 24 HERIT

Danish design traditions have left a clear mark on Simon Legald's chair series, Herit, which is short for heritage. The series reflects Simon Legald's love of classic Danish furniture craftsmanship but rose from a desire to design a versatile and strong chair that unites the different eras of Danish design. A chair in which oak and plastic merge in tactful synergy, to create a hard-wearing, maintenance-friendly and accessible design, made for modern life.

## 36 HYG

No other word in the Danish language has become as internationally celebrated as “hygge”. A word so difficult to define, and yet so simple in practice. Hygge is all about feeling good – security, warmth and comfort all form part of its DNA, and it is precisely these qualities that provide the template for the Hyg lounge series.

## 45 SUM

Two, four, nine modules? Whatever the number, the sum is as follows: a well-proportioned sofa design that stands as the epitome of contemporary elegance. Sum is the name of our take on a light modular sofa, which has the same complete appearance, whether it is set up in a two-seater version or as a several meter long lounge dream. The design is stringent and focused but invitingly open in character: elegant and resolute as a wingspread stretching out into the air, the sofa spreads out its armrests and invites you into its soft and homely space.
